Coplon Sentenced; Scorns Mercy Plea

Given Term Of 40 Months To Ten Years

Washington, July 1.—(AP)—Scorning a mercy plea, Judge Copley sentenced to serve 40 months to 10 years in prison for attempting to betray her country as a spy for Soviet Russia.

The 28-year-old former government girl took the sentence without a quiver. "I understand I could plead for mercy. That I will not do. To me, pleading for mercy would be an admission of guilt."

Then, referring to prosecutors John M. Kelley, Jr., and Raymond P. Wheatley, she went on swiftly: "I am innocent. I am innocent before all the world and all the judges and all the government, whatever they want to do against me, and they may give in the glory of their hollow empty victory."

"They want to break me. They will never break me!"

A few minutes later, with Miss Coplon staring coldly at him, Judge Copley pronounced sentence as the climax of a sensation-studded trial that ran for nearly 10 weeks.

Approval Of Judge
Stunned, the 75-year-old justice denounced Miss Coplon with an allusion to the revolutionary war traitor, Benedict Arnold, and he declared:

"I thoroughly approve of the verdict of the jury."

She will not go to prison immediately. Her attorney, Archibald Palmer of New York, said he will fight the case to the Supreme Court, if necessary.

Later today, Palmer filed a formal notice of appeal, citing 25 alleged errors in the trial—both of them on rulings by the judge.

Simultaneously, Miss Coplon was released from the lockup in the federal courthouse when a professional bondsman posted her \$20,000 bonds. Going To Mother's Home

She and Palmer then flew to New York, where Miss Coplon and Russian Valentin Gubichev face trial on espionage conspiracy charges.

Miss Coplon arrived in New York looking tired. She said she was going to her mother's home in Brooklyn to stay during her next trial.

**Warships Form
European Fleet
In Penzance Bay**

Penzance, Eng., July 1.—(AP)—Warships of Britain, France and Holland massed in Penzance bay today as the foundation of a great, combined Western European fleet.

With additions coming from Belgium, more than 100 ships of the four great nations are going on blue maneuvers from the English channel to the bay of Biscay, beginning Monday.

While the British, French and Dutch admirals exchanged compliments on the flagship, British ratings, French marines and Dutch seamen were busy getting their signals coordinated—the biggest job in three-linguistic naval operations.

American B-29 superfortresses roared their mock raids on key British cities tomorrow in the finale of "operation foil," which is testing England's defenses against atomic bombing.

**Passengers Escape
Serious Injury.
As Train Derails**

Springfield, Ill., July 1.—(AP)—Five cars of the Abraham Lincoln, Gulf, Mobile and Ohio passenger train, were derailed today near Springfield, but no one was seriously injured.

Auto Workers Turn Down Ford Proposal

Detroit, July 1.—(AP)—The CIO United Auto Workers turned down today a second Ford Motor Co. proposal that wages be left as they are for 18 months.

UAW director Ken Bannan said in reply: "We are sticking to our present demands despite the attitude of the company."

Ford hinted that the company could reduce prices if the UAW would agree to a wage freeze.

Meanwhile, negotiators working on a new contract for Ford workers reported an agreement to extend the current pact on a "day-to-day basis" if necessary after July 15, its expiration date.

That move was seen as reducing the likelihood of a second UAW strike this year in Ford plants. It had been feared 106,000 Ford workers might walk out when the current contract expires.

The UAW executive board has called for a strike vote in Ford plants, and several locals already have reported approval. A 24-day speedup strike that shut down the Ford system was settled about a month ago.

**Prosecution
Makes Final Try
To Tear Down Hiss**

New York, July 1.—(AP)—The government tried and failed to call the ex-wife of communist fugitive Gerhart E. Hiss today as the perjury trial of Alger Hiss, apparently in its final stages, ended its fifth week.

With the testimony of the former Mrs. E. Hiss—now Mrs. Hede Massing—brought by Federal Judge Samuel H. Kaufman, the prosecution delved into Hiss' relations with other Washingtonians who might or might not have been communists.

One name frequently mentioned was that of Lee Pressman, former general counsel of the CIO, identified as one member of a group, including Hiss, that met "for a period of months" in a Washington restaurant "to discuss foreign affairs."

FBI agent Lish Wilson said Pressman's name came up when Hiss, then a State department official, went voluntarily to the FBI in March 25, 1946, in connection with rumors linking him with the communist party.

Wilson testified that Hiss "was asked specifically whether he was advised that Mr. Pressman was a communist or a fellow-traveler and he said that he did not know him to be one."

Pressman was named before the House un-American activities committee as a communist underground associate of Hiss. Pressman called this allegation a "smear."

**Admiral King Will
Rest For Summer
At Naval Hospital**

Portsmouth, N. H., July 1.—(AP)—Admiral Ernest J. King, wartime chief of naval operations, arrived by plane today for a summer-long rest at Portsmouth Naval Hospital.

Rear Admiral John H. Brown, Jr., Portsmouth Naval Base commandant, said he would be at the hospital "at least for the summer."

King was accompanied by John L. Sullivan, former Secretary of the Navy.

A navy spokesman said there had been no change in the physical condition of the 71-year-old Admiral, who, he said, suffered what was described as "a minor breakdown" 18 months ago. King has been a patient at the Naval Medical Center at Bethesda, Md., and came here for the summer because of New England's cooler weather, the spokesman added.

Brown earlier said King had suffered a stroke but this was later denied by another spokesman at the naval hospital.

**Atomic Material
Being Processed
In Rock Island**

Rock Island, Ill., July 1.—(AP)—The Rock Island arsenal is processing material for the atomic energy commission, the commanding officer announced today.

First Deaths Occur In Church-State Fight

Prague, Czechoslovakia, July 1.—(AP)—Diplomatic sources had reports tonight that at least two communist policemen were beaten to death and an undetermined number of persons injured in clashes between Catholic faithful and government adherents in Slovakia in recent days.

These same sources also heard reports that at least small-scale anti-communist partisan activity was under way in the staunchly Catholic Slovak region.

Red Offensive
On the political front, the communist government was on the offensive.

**Austrian Treaty
Writers Snagged
On Russ Demand**

London, July 1.—(AP)—The Big Four treaty hit a snag today in their new treaty for an independence pact for Austria.

They wrangled for three hours to no decision over a Russian demand for guarantees on the rights of Slovene and Croat minorities in Austria. Then they adjourned for the weekend.

The deputies have been commissioned by the foreign ministers of the United States, Britain, France and Russia to write a treaty for Austria by Sept. 1.

The foreign ministers in Paris had announced that Austria should pledge certain rights for the Austrian Slovenes and Croats, who have ethnological ties with the lower Balkans, including Yugoslavia.

Soviet deputy Georgi N. Zarubin said the ministers—Russian foreign minister Andrei A. Vishinsky, any way—intended they should write the guarantees in a kind of statute as part of the treaty.

The western deputies countered by contending Austria could guarantee those rights without specifying them.

**U. S. Will Let
Shippers Risk
China 'Blockade'**

Washington, July 1.—(AP)—The United States government is leaving it squarely up to commercial shippers whether to risk nationalist sinking by sending American ships into China ports held by the communists.

The nationalist government ordered the ports closed to foreign commerce but the U. S. has rejected the order as invalid unless the nationalists declare and maintain "an effective blockade."

Following the arrival of a new note from Canton the state department said today it is telling shippers to go in or stay out of the ports.

A spokesman said they are being advised, however, that if an American ship should be damaged by nationalist planes or warships trying to enforce the closure order "the U. S. reserves its rights to claim damages."

In Canton, the nationalist cabinet authorized its navy to sink ships resisting search.

The U. S. navy, meanwhile, said it is not committing itself whether it will or will not keep out American warships.

**Farm Bureau
Terms Brannan
Plan 'Dangerous'**

Chicago, July 1.—(AP)—Directors of the big American farm bureau federation today termed Secretary of Agriculture Brannan's proposed new farm program "dangerous to agriculture."

The directors' statement, issued after a two-day meeting here, said that under the Brannan plan "the farmer's only hope for a fair income would depend on government handouts from annual appropriations by congress."

"We contend," the statement continued, "that it is unreasonable to stake the welfare of agriculture upon such a hazardous possibility."

The Brannan plan proposes to pay direct cash subsidies to farmers to support prices on farm products and to avoid high food prices for consumers.

Legislature Criticized By Gov. Stevenson

Snyder Reports Budget In Red For Fiscal '49

Washington, July 1.—(AP)—The government ran \$1,811,440,047.88 in the red for fiscal 1949, which ended yesterday.

Secretary of the Treasury Snyder today announced final figures showing: Spending increased to a new

high of \$40,057,107,837.79, taking into account all outlays for the year.

Treasury receipts, going the other way, fell to a five-year low of \$38,245,667,830.11.

Greater Than Forecast
The \$1,811,000,000 deficit was roughly three times as great as President Truman's \$600,000,000 forecast in January.

It was the first time in three years the government had overspent its income.

In the last fiscal year, there was an all-time record surplus of \$8,419,000,000.

This year expenditures increased and receipts were lower because of lower taxes and a lower rate of business activity.

Could Claim Surplus
Technically, Snyder could have claimed that instead of a deficit, fiscal 1949 yielded a surplus of \$1,188,539,952.32. But it would have been only a bookkeeping claim.

Authority for the such a claim was given in an act of the 80th Congress last year. That act, in effect, directed that the first \$3,000,000,000 spent on foreign aid in fiscal 1949 be ignored on 1949's books, and charged to the preceding year.

Snyder, however, paid no attention in his summary to that approach, which he and President Truman have in the past denounced as a "phony bookkeeping" device.

**Employment Gain
Marked In June;
First This Year**

Washington, July 1.—(AP)—More Americans had jobs in June than in any previous month of 1949.

Unemployment hit a seven-year high of 3,778,000 as vacation season school-agers pouring into the labor market.

The total number of Americans gainfully employed last month was \$3,019,000, the census bureau reported. This was a record for this year, although the total was about 1,500,000 less than in June, 1948.

Bright spots stood out in the new report for government officials who interpret the statistics.

For the first time since December, there was an up-turn (204,000) in the number of people working on jobs outside of farming.

About two out of three among the new job-seekers found work.

And though unemployment gained, it stayed well below the level of 4,000,000 jobs that some government economists had anticipated. That number was out of work in February, 1942—a war period.

**Grand Jury Begins
Inquiry Into Mob
Acts In Alabama**

Birmingham, Ala., July 1.—(AP)—A county grand jury began investigating violence by hooded and robed bands today, delving first into the invasion of a cafe by 60 white-sheeted men.

Three more Alabama floggings were reported as the inquiry got under way.

Two Methodist ministers, the Rev. H. Frank Ledford and the Rev. Luther Brown, have said they verified three floggings in recent weeks in Clay county.

Circuit Judge Robert J. Wheeler charged the grand jury to "investigate the cause of the violence, and malicious acts" of night riders in this district.

More than 50 witnesses have been summoned by the jury.

In the cafe invasion, on June 10, Steve Marshall, proprietor, was told "we've got to keep those negroes down."

Marshall's cafe served both negroes and whites but in separate parts of the building. A cross was burned near the cafe.

**Barkley Speaker
At Harmony Dinner**

Columbia, S. C., July 1.—(AP)—Vice President Barkley came here tonight to speak at a "harmony" dinner.

Democratic dinner but a number of state political figures did not attend.

The general Kentuckian, in the role of peacemaker, stepped into the breach created last year when the Democratic party divided on the states' rights question.

A notable absentee tonight was Gov. J. Strom Thurmond, who drew South Carolina's eight electoral college votes away from the national party last fall as states' rights presidential candidate.

**TRUMAN TO SPEND
FOURTH ON CRUISE**

Washington, July 1.—(AP)—President Truman will leave tomorrow on an Independence Day week-end cruise in nearby waters.

He will be accompanied by his daughter, Margaret, and her two children, James and Lucie.

Snyder, daughter of the secretary of the treasury, will return Monday evening.

**REPORT TITO
SEEKING U. S. LOAN**

Rome, July 1.—(AP)—A dispatch from Trieste said tonight informed by Yugoslav circles there and in Belgrade report Premier Marshal Tito is seeking an \$800,000,000 loan from the United States.

Tito wants to use some of the money to buy arms from the western powers, said the dispatch carried by the Italian news agency Jansa.

Accuses Senate For Defeat

Springfield, July 1.—(AP)—Governor Stevenson today rapped the billion and a quarter dollar legislature for major defeats of "perhaps the most ambitious legislative program" in any single session.

A few hours after he sent the lawmakers home for a long stay, the Democratic governor told newsmen he was "disappointed that political partisanship influenced so many decisions."

Hamas Senate
He accused the Republican senate of doing the most damage to his program.

Stevenson ordered the legislature to pack up and end their six months session at 5:30 a.m. today after the House and senate became hopelessly deadlocked over adjournment.

He hauled out a seldom used constitutional device giving the governor power to adjourn the legislature if it can't agree on quitting. The senate wanted to hang around until July 18 to act on Stevenson vetoes, but the Democratic House said no. Only \$260,000 Left

During its regular session, the assembly appropriated a total of \$7,325,588,000. Of this amount, \$1,260,467,000 is for spending in the two fiscal years which began today.

Stevenson said appropriations for this biennium obligated all but \$200,000 of estimated resources, including the state treasury surplus, federal funds and state tax collections.

Two years ago, the 65th general assembly appropriated \$1,038,993,000. The governor declared that GOP senators had "deliberately attempted to unbalance the budget" but didn't succeed.

Proud Of School Bill
They produced a box score on 33 bills. He counted 21 wins and 12 losses. The defeats included his "must" proposals for a new state constitution, fair employment practices, sales tax broadening, city aid and the nickel gas tax.

He said he is "particularly proud" of the 53 per cent increase in state aid for schools over two years ago and an accompanying long range school program.

**Waitkus' Condition
Reported 'Good'
After Surgery**

Chicago, July 1.—(AP)—Eddie Waitkus, Philadelphia Phillies first baseman, left the operating table today still carrying a bullet near his spine, but with both lungs working.

Waitkus, wounded June 15 by a mentally disturbed tourist, underwent two hours of surgery to remove the bullet, which he lodged on the right side of his spine. Surgeons decided against removal unless the bullet caused trouble.

A more extensive operation, however, would have been necessary to remove the bullet, which is lodged on the right side of his spine. Surgeons decided against removal unless the bullet caused trouble.

**Americans Ready
To Search Ararat
For Noah's Ark**

Istanbul, Turkey, July 1.—(AP)—Four Americans arrived today to start searching for Noah's ark.

But whether they'll ever get to Mt. Ararat, Biblical landing place of the ark, remains to be seen. Mt. Ararat looks down on Russia from a point in eastern Turkey.

The Russians think anyone seeking to find the ark is a spy. The Turks have asked the Soviet opinion to the point of preventing two British explorers from probing around the 16,000-foot peak.

The Americans said their climbing equipment is en route to Turkey by boat and they don't know when they'll start out.

No one else does either—except the Turkish foreign office and the army high command.

To reach Ararat they'd have to cross highly fortified military zones which the general staff guards with great secrecy.

The U. S. explorers are: Dr. Aaron Smith of Greensboro, N. C.; Edmond J. Newton of Colfax, N. C.; Walter I. Wood of Sea Cliff, N. Y.; and W. G. Oge of Knoxville, Tenn.

**Chesapeake-Ohio
Strike Averted**

Washington, July 1.—(AP)—The National Mediation Board announced tonight that the "threat" of a strike is over for the present at least, on the Chesapeake and Ohio railroad.

Frank P. Douglass, chairman of the railway mediation board, said that about 400 grievance cases, mostly involving pay claims, have been adjusted between the C & O and the Brotherhood of Locomotive Firemen and Enginemen.

The firemen has set a strike date in mid-June because of the huge backlog of grievances. The board intervened promptly, and has been working with the negotiators for the last two weeks.

BILLIONS FOR DEFENSE—NONE FOR WASTE

Quite a few west central Illinois citizens are wondering what happened to Senator Tydings bill designed to reorganize the nation's defense. It passed the Senate without a dissenting vote on May 26, but has been held in the House committee since then.

The national military establishment is by far the biggest and most important segment of our government. It spends far more money than any other department. Its present annual expenditures of more than 15 billions are over 35 percent of the budget of the federal government. Yet, under the present laws, lack of clear lines of authority and responsibility hamper the Secretary of Defense in the discharge of his duties. He "directs" no less than 17 high officials of the army, navy and air force, yet he can neither appoint nor discharge any of them.

The late James V. Forrestal, as Secretary of Defense, testified:

"In my judgment, the amendments proposed in the Tydings bill would materially improve and strengthen the existing law.

"Specially the authority of the Secretary of Defense has proved to be circumscribed to a point where it has not been possible for him to assume his full responsibilities. . . . This situation has arisen from the failure of the act to define precisely the authority of the Secretary of Defense. . . . The act vests in him power which has proved upon application to be vague, confusing and specifically limited by the provision which reserves through the respective departmental secretaries all powers not expressly conferred upon the Secretary of Defense." The Hoover commission found an "extravagant" attitude on the part of service chiefs, lack of teamwork among the three services, lack of civil control and divided authority and responsibility of the top.

For the first time in history, we Americans have been forced to maintain a huge peace-time military establishment. Its present budget is nearly twice of the cost of the whole government ten years ago.

The commission's findings can be stated this way: In 1938 we spent \$1 billion for defense; today we waste that much.

The commission said at least \$1 billion a year could be saved without damaging the essential defense program in any way. High officials of the armed services themselves have confirmed this figure.

"We must hold the military rigidly accountable to the President, the Congress and the people. We must do this not only to safeguard our democratic traditions against militarism, but to insure that military policy shall be in close accord with national needs and national welfare," the commission reported, "without damaging or destroying our national economy. At present we can be sure of none of these things."

Our tax burden is heavy and waste will make it unbearable. We should get a dollar's worth of service for each dollar spent, whether that dollar is spent in Morgan county, Illinois or Washington. The Tydings bill offers hope of reducing waste in the armed services. It should be enacted into law. And enacted promptly.

Local Lake Called Good Spot For 4th Of July Fishermen

Lake Jacksonville is one of the best prospects for Fourth of July weekend fishermen, according to Leonard Schwartz, state director of conservation. He observed the lake offers "some of the best bass fishing in central Illinois. Also good on bluegills and bullheads."

Holiday fishing promises to be only fair downtown, good to excellent in the Chicago area.

Reports from field investigators include: Chicago area—"Fishermen are having a field day catching perch along Lake Michigan shore. Anglers spot-checked have large strings of fish; one man caught 120 including numerous Jumbo Perch. The Chicago Park District lagoons, just stocked by the conservation department, will provide fresh catches for youngsters. In the Chain O'Lakes bass are hitting very good. Bluegills are going for worms in the Chain, but spawning flycatchers. Crappie have virtually ceased biting, but there are recent good sized catches. Suggested hours: in Chain O'Lakes fish in early morning when few motor boats are likely to appear; where no motor boats are expected fish from sundown until dark."

Nightcrawlers For Trotting Bureau county—"The Illinois-Mississippi Channel near Springfield is pretty good for bluegills. Suggest nightcrawlers for trotting, grubs and redworms for stillfishing. In the channel near Wyanet fishermen are getting daily limits."

Clinton county—"The Kaskaskia river runs through Clinton and Fayette counties. Prospects are very poor due to the high river and muddy water."

Coles county—"At Lake Matteson good catfish and rough fish luck is reported."

Clarendon county—"A Neal Gravel Pit one mile north of Palestine you'll find bluegills, crappie and bass."

Edgar county—"There is good bass, crappie and bluegill fishing at Twin Lakes near Paris."

Edgingham county—"For bass, crappie and bluegill catchalls of it doesn't rain try Woodberry Lake on Route 40, 17 miles east of Edgingham. Steer clear of boats like Little Wabash river because the river is too high and muddy."

Gallatin county—"The Big and Little lakes at Shawneetown are pretty fair on bass, crappie and bluegills."

Henderson county—"Prospects: a. m. Church School. There will be no 10:45 service during July."

The starting teams must be used for at least the first three innings of the game at Ebbets Field. The Chicago Tribune, which conducted the poll, said the heavy vote was a record and exceeded by 529,850 the figure last year, when the game was played at St. Louis.

Low Boutwell, manager of the world champion Cleveland Indians, and Billy Southworth, who directs the Boston Braves, National League champs, will direct the respective all-star teams and will pick the pitchers, probably eight or nine on each side. Each squad will include 25 players.

The American leaguers represent six clubs and the National League five. The Indians, although world champions, and the St. Louis Browns failed to land players on the American League starting teams. The Braves, with the Chicago Cubs and Cincinnati Reds, also failed to land representatives on the National League team.

Williams, American league batting champ in 1947 and 1948, repeated as high vote getter with 2,087,466. His principal rival was Jackie Robinson, the Brooklyn Dodger sensation, who finished second with 1,891,212.

Three American leaguers, Eddie Robinson, Michaels and Joost, will be seeing action for the first time in the all-star contest. There also are three newcomers in the National League—Kaskaz, who played in the Cardinals' farm club at Rochester, N.Y., last year, Jackie Robinson and Seminick.

Schroeder Victorious In Wimbledon Singles

London, July 1.—(AP)—Ted Schroeder won the Wimbledon tennis championship today by putting together two great passing shots that stopped Jaroslav Drobny of Czechoslovakia in a five-set final.

This double-barreled maneuver in the seventh game of the fifth set enabled the top-seeded favorite from La Cressencia, Calif., to complete his initial conquest of the men's singles title, 3-6, 6-0, 6-3, 4-6, 6-4.

It cracked Drobny's service and broke up a match that had stood dead level at two sets and three games each with the points at 30-all.

Later the Princess and Queen Mary congratulated the new champion, third American winner since Yvon Petra of France took the title in 1946. Jack Kramer of Los Angeles won the prize in 1947 and Bob Falkenburg of Beverly Hills, Calif., captured it last year.

All-American finals tomorrow in both men's and women's doubles, as well as women's singles, were assured by the outcome of semi-final matches today.

U.S. champion Richard Gonzales and Frankie Parker, both of Los Angeles, defeated Sturges and Budge Patty of Los Angeles, 6-3, 6-1, 3-6, 5-7, 7-5, and will meet Schroeder and Molloy for the men's doubles title. The latter pair gained the final round Thursday.

Braves Defeat Phillies, 2-1 In 12th Inning

Boston, July 1.—(AP)—Right-hander Vern Bickford scored the winning run in the 12th inning, on Al Dark's single, as the Boston Braves broke their third-place tie with the Philadelphia Phillies tonight before a 17,056 crowd.

To gain his 10th win, Bickford lined a single to left field with one down in the 12th and took third on Eddie Stanky's drive into right.

After Elbie Fletcher fouled out, Bickford scampered home as Dark lashed a clean single into short right field.

Bickford, who totaled nine strike outs, limited the Phils to as many hits while pitching himself out of two deep holes while the score was undecided.

Hank Borowy went the full distance for the Phils and gave up ten hits.

He Started Late But DiMag'll Be In All-Star Tilt

By JACK HAND
(Associated Press Sports Writer)
Better check those all-star votes. The name of Joe DiMaggio seems to be missing.

If there is any legitimate 100 per cent all-star in the baseball business today, Joe is it. What matter that he missed the first 65 games? For his showing in three ball games, he belongs on the team.

Ask the folks up around Fenway Park, where he led the New York Yankees to three stunning victories over the Red Sox. He'd be elected by acclamation.

Joe'll Be There
Lou Boudreau, as manager of the American League team in the July 12 all-star game at Brooklyn, has the privilege of naming the rest of his squad after the eight non-pitching starters have been selected by fan vote. He can use the Yankee clipper, if only as a pinch hitter.

When Lou picks his squad, you'll probably find jolting Joe right behind the first three outfielders picked by the fans—Ted Williams, Tommy Henrich and brother Dominic DiMaggio.

The DiMaggio story of 1949 is familiar to all by this time. How he sat out 65 games, played one exhibition and then catapulted into a starring role at Boston.

Clouts Another Homer
Joining Joe did it again yesterday, crashing a three-run homer in the seventh inning to provide the winning 5-3 margin over the dazed Red Sox. He proved he is human by hitting into a double play, and popping out as well. Also he walked once and was hit by a pitched ball.

The Sox were moving fast when the Yankees came to town. Now they're in fifth place, eight full games back. Regardless of the other contenders, it's Boston the Yankees are keeping their eyes on as they near the halfway mark in the race.

URNS PRO
Milwaukee, July 1.—(AP)—Cal Vernon, University of Wisconsin football player and boxer, reported today that he would turn professional boxer next month.

The Milwaukee negro won the National Collegiate Athletic Association light heavyweight crown in 1948 but could not defend it this season because of scholastic difficulties.

'Doc' Marsh Sustains Ankle Fracture During 'B' League Contest

Johnny "Doc" Marsh, second baseman for the Ruhl & Durocher "B" league entry in the local softball league, sustained a fractured right ankle when sliding into second base during the fifth inning of a preliminary game at the Southside park last night.

Marsh was taken to the Our Saviour's hospital where X-rays showed the ankle was broken. He was admitted to the hospital immediately.

Ruhl & Durocher's team went on to win the curtain-raiser bout from the Nesco club 7 to 2.

Harney and Schmieder teamed up to twirl winning ball for the R & D outfit. Kirk was the Nesco pitcher, going all the way.

Moose 2, Myers Bros 1
A brisk breeze and lightning filled skies, carrying the threat of impending rain, provided the background for the drama filled nightcap contest between the Moose and Myers Bros. nines in the "A" league tussle.

The clothier outfit bounced back full of zip and zing after taking a sound beating from a Springfield team only three nights ago, but they couldn't hold down a determined, fighting underdog Moose outfit.

With Pete Lynn twirling three-hit softball and staging a sparkling fielding exhibition, the rejuvenated Moose nine outgated the Myers aggregation at every turn of the game to come up with a 2-1 win when the dust had cleared away.

Engelbricht, twirling for Myers Bros., was equally hard to hit but three Myers errors, two in the fourth inning, allowed a single Moose run to cross the dish in the fourth and another to score in the sixth.

The clothier outfit, tallied one run for Engelbricht in the sixth on two hits. But, Lynn tightened down and shut the door no further scoring efforts. Pete pitched four hitless innings before allowing the Myers-hitters to connect safely; a single by "Turp" Morris, which resulted in no damage.

The Moose win threw the "A" league pennant race into a three way tie. The Moose, Myers and Impement Dealer nines have all sustained a single loss, it's a toss-up from this corner, who'll take home the bacon.

Vince Foster, Omaha Fighter To Reenter Ring

Falls City Neb., July 1.—(AP)—Vince Foster, the promising Omaha welterweight, says he's not retiring from the ring—he's just vacationing.

Foster said today he will return to Chicago and resume workouts soon but won't consider any fights until his vacation ends. He did not set a date for his return.

The former Ruhl, Neb., lad said he is "burned up" over recent speculation he has retired from the ring at age 22 and that he won't seek rvg for that first round knockout by Charlie Pusari in Madison Square Garden last May 28.

Foster's manager, Jack Hurley, said last week that Foster is taking an indefinite vacation from the ring because he "believes the Lord may not want to fight any more." He said Foster is devoting his time to bible school; he don't know what he wants to do. However, Hurley predicted that "eventually he will start training again. The fight game is in his blood.

July 4th Celebration Will Be Observed In Safe And Sane Manner

Jacksonville and the surrounding area will observe a safe and sane Fourth of July and it looks as if it will also observe a quiet one. Although there are town celebrations planned in Franklin and White Hall, there is none in Jacksonville.

Probably a lot of people will take to the open road to enjoy the recreational facilities of the rivers and lakes in central Illinois. The weatherman predicts that the vacationers will be hampered by some widely scattered showers, but for the most part holiday seekers will enjoy clear weather.

The business district will be closed all day Monday. Hence for many, the holiday will begin either Saturday noon or evening.

ORDAINED

Illinois—On June 24, Rev. Roy Jerrell, 24-year-old student at Shurtleff college, was ordained at the South-west Baptist church in St. Louis. Fourteen ministers and deacons formed the council.

Monday evening the boys gave a concert at Murrayville, where they were guests of Mr. and Mrs. Elmer Grider. They were entertained at luncheon by Mr. and Mrs. Elmer Grider, after which they performed at Central Baptist church.

There were 24 boys, their pastor, Bob Campbell and Mr. and Mrs. Harry Dady and daughter. Included in the group were Rudy and Ronnie Story, sons of Webster Story and grandsons of Mr. and Mrs. Frank Story of Santa Ana, former Jacksonville residents.

Folklorists End First Conference

Muncie, Ind., July 1.—(AP)—Folklorists wound up their first national conference today without agreeing on a definition of their subject but deciding to make the meeting an annual affair.

The second annual conference will be held next summer at Frostburg State Teachers College in Maryland.

The scholars contended throughout the conference that folklorists deal with tales and songs are those actually told and sung by the people. The writers held that lore must be transformed for the reader by the imagination of a master story teller.

State Fireworks Law Violated By 2 Jersey Residents

Jerseyville—State Police Officers W. O. Culbreth and D. L. Williams, operating in the Jersey county locality Wednesday evening, arrested two residents of the vicinity on charges of violating the state fireworks law.

A resident of the McClusky vicinity was fined one hundred dollars and costs, and the case against the second defendant is pending on information filed in the county court by State Attorney Alvin H. Peit.

State police received orders to enforce the state fireworks law along their respective routes. It is a violation of the state law to sell or expose for sale and detonate any fireworks except certain small items of limited explosive capacity, such as sparklers, caps with less than twenty-five hundredths of a grain of powder in them.

The City of Jerseyville adopted a fireworks prevention ordinance in 1939, following the passage of the first anti fireworks act of 1935 by the State legislature. The local ordinance prohibits the storage and sale of fireworks in the city.

Before the Red Cross will give an instructor's course in a community at least six members must be enrolled. The quota has been filled and there are still a few openings before the maximum membership is reached. Anyone interested should contact the Jerseyville Red Cross office at once.

Stock Market Hit 4 1/2-Year Low In 1st Half Of '49

New York, July 1.—(AP)—The stock market woke up from a winter sleep in the first half of 1949—and promptly tumbled to a 4 1/2 year low.

At the half-way mark, the market now is feebly picking up the pieces and trying to climb out of the low hit on June 13. There is little or no public support behind the recovery attempt, though, and its future is doubtful—to say the least.

Since the turn of the year the national economy generally has been going through what may turn out to be the most painful period of the post-war readjustment.

Some of the wrenches were violent, some accomplished with comparative ease. Prices declined, personal income contracted, the unemployment figures steadily increased, production in virtually every industry a step removed from fear.

It was out back Caution—which is dominated the thinking of countless business executives.

German Merchant Vessels Released

Congressman Asks Governor To Aid Beardstown Work

Congressman Sid Simpson of the 20th Illinois district has urged Gov. Adlai Stevenson to approve his bill authorizing \$3,000,000 worth of flood control work for the protection of Beardstown.

The army corps of engineers board for rivers and harbors forwarded its favorable report on the Simpson legislation to the governor for acceptance or rejection within 30 days as required by statute.

One Carrollton Republican congressman has called upon the governor to okay the engineers' report authorizing spending up to \$3,000,000 in a letter in which he reminded the governor that "when a flood comes it does not discriminate between race, creed, color or party affiliation."

Another \$3,000,000 authorization for flood control works at Quincy has been sponsored by Simpson but engineers have yet to complete their data on this project, he advised the governor.

Gov. Stevenson's approval of the Beardstown bill is one of a long series of hurdles which must be cleared before Congress can act and the work proceed.
